What is an Open Enrollment transfer?
NOTE: this is an optional process. Open Enrollment Transfers are available to incoming 9th grade students who wish to attend a school other than their assigned home school. After enrollment targets are established at each school, and a determination is made that there are available seats, a random, unbiased drawing will be held to assign students to those open seats.

You do not need to submit an Open Enrollment transfer request if you want your child to attend their assigned home school.

If you are interested in submitting an Open Enrollment transfer request, please complete the information below. Transfer decision letters will be sent in March. For more information, including a Timeline and FAQs, please [click here](#).
